

CUMULATIVE TABLE OF CONTENTS  
VOLUME 16, 1995

AUDIOLOGIC AND MEDICAL PROFILES OF MIDDLE-EAR EFFUSION  
Number 1, February 1995

Factors Disposing for Otitis Media, *Karin Prellner, M.D., Ph.D.*, 1  
Diagnosis and Treatment of Otitis Media, *Daniel S. Arick, M.D., F.A.C.S.*, 20  
Effect of Early Otitis Media on Some Psychoacoustic Measures, *Tracey G. Wellendorf, M.D., Joseph W. Hall, Ph.D., John H. Grose, Ph.D., and Harold C. Pillsbury, M.D.*, 28  
The Auditory Brainstem Response in Children with Histories of Otitis Media, *Raymond M. Hurley, Ph.D., and Annette Hurley, M.S.*, 37  
The Auditory Consequences of Otitis Media with Effusion: The Audiogram and Beyond, *Judith S. Gravel, Ph.D., and Martha Anne Ellis, M.S.*, 44  
Acoustic-Immittance Measures and Middle-Ear Screening, *Terry L. Wiley, Ph.D., and Patricia S. Utech Smith, M.S.*, 60  
Ipsilateral Acoustic Reflex in Middle-Ear Effusion, *Shlomo Silman, Ph.D., and Michele B. Emmer, M.S.*, 80  
Critical Issues in Acoustic-Immittance Screening for Middle-Ear Effusion, *Robert J. Nozza, Ph.D.*, 86  
Pure-Tone Characteristics of Children with Middle-Ear Effusion, *Carol A. Silverman, Ph.D.*, 99  
Medical and Audiological Management of Otitis Media: Consensus and Controversy, *Jackson Rousch, Ph.D., and Fred Henderson, M.D.*, 105

EARLY INTERVENTION FOR SENSORY IMPAIRMENT  
Number 2, May 1995

Efficacy of Early Identification and Early Intervention, *Christine Yoshinaga-Itano, Ph.D.*, 115  
Early Identification of Infants with Significant Hearing Loss and the Minnesota Child Development Inventory, *Mah-rya L. Apuzzo and Christine Yoshinaga-Itano, Ph.D.*, 124  
Amplification Options for Infants and Toddlers, *Cheryl DeConde Johnson, Ed.D., and Kimberly A. Rees, M.A.*, 140  
Colorado Individual Performance Profile: Preschool Pre-CIPP, *Christine Yoshinaga-Itano, Ph.D., Joan Rubbery, M.A., and Arlene Stredler Brown, M.A.*, 151  
Naturalistic Dynamic Assessment of Children Through Play, *Carol Westby, Ph.D.*, 167  
Play Interaction with Infants and Toddlers Who Are Deafblind: Setting the Stage, *Judith Greeley, M.A., and Tanni L. Anthony, E.D.*, 185  
As Parent and Pediatrician: Reflections on My Son's Hearing Loss, *Elizabeth T. Matthews, M.D.*, 192  
Joining the Family, *Alan Jones, Ph.D.*, 196

PROGRESSIVE SENSORY LOSS  
Number 3, August 1995

Overview of Progressive Sensorineural Hearing Loss, *J. Gail Neely, M.D., F.A.C.S.*, 209  
Progressive Hearing Loss and the Perilymphatic Fistula, *Isolda Thalmann, Ph.D., and J. Gail Neely, M.D., F.A.C.S.*, 214  
Progression to Profound Hearing Impairment in Adults with Cochlear Implants, *Margaret W. Skinner, Ph.D., and Susan M. Binzer, M.A.*, 220  
Hearing Changes in Adults with Cochlear Implants, *Margaret W. Skinner, Ph.D., Susan M. Binzer, M.A., Laura K. Holden, M.A., and Timothy A. Holden, B.S.E.*, 228  
Cochlear Implantation of Two Siblings with Usher Syndrome—Case Studies, *Virginia W. Jenison, M.A., Beverly T. Fears, M.S., and Rodney P. Lusk, M.D.*, 240  
Genetics of Progressive Hearing Loss, *Alison J. Whelan and Anne V. Hing*, 246  
Comprehensive Rehabilitative Audiology in the Management of Progressive Hearing Impairment, *Susan M. Binzer, M.A.*, 257  
Programmable Hearing Aids: Applications for Progressive and Fluctuating Hearing Loss, *Lisa G. Potts, M.S., and Michael Valente, Ph.D.*, 266  
Rehabilitation of Patients with Progressive Multiple Sensory Losses, Including Use of Corrective Lens and Low Vision Aids, *Carolyn M. Baum, Ph.D., OTR/C, FAOTA, and Judy M. Bachelder, Ph.D., OTR/C, FAOTA*, 281

**TAUTILE AIDS FOR THE HEARING IMPAIRED**  
Number 4, November 1995

Tactile Aids for the Hearing Impaired: An Overview, *D. Kimbrough Oller*, 289  
Lipreading with Tactile Supplements: A Case Study with an Experienced Subject, *Geoff Plant, David Franklin, Loretta Franklin, and Michael Steele*, 296  
Current Results of a Field Study of Adult Users of Tactile Aids, *Charlotte M. Reed and Lorraine A. Delhorne*, 305  
A Comparison of Auditory and Tactual Presentation of a Single-Band Envelope Cue as a Supplement to Speechreading, *Joan M. Bising, Charlotte M. Reed, and Nathaniel I. Durlach*, 316  
Studies of Tactile Speechreading Enhancement in Deaf Adults, *Arthur Boothroyd, Liat Kishon-Rabin, and Robin Waldstein*, 328  
Factors Influencing Benefit from Tactile Aids, *Janet M. Weisenberger*, 343  
Issues in the Development of Multichannel Tactile Devices for Hearing-Impaired Children and Adults, *Robert S.C. Cowan, Ph.D., D.Aud, Karyn L. Galvin, B.Sc., D.Aud., Julia Z. Sarant, B.Sc., D.Aud., Peter J. Blamey, Ph.D., and Graeme M. Clark, Ph.D., FRACS*, 356  
Performance of Children with Cochlear Implants, Tactile Aids, and Hearing Aids, *Karen Iler Kirk, Mary Joe Osberger, Amy McConkey Robbins, Allyson I. Riley, Susan L. Todd, and Richard T. Miyamoto*, 370  
A Cohort Study of Children Using Multichannel Tactile Aids and Cochlear Implants, *Rebecca E. Eilers, Alan B. Cobo-Lewis, Kathleen C. Vergara, D. Kimbrough Oller, and Mary Michelle Dolan-Ash*, 382  
Training Approaches with Tactile Aids, *Geoff Plant*, 394  
Training Children to use Tactual Vocoder in a Model Program, *Kathleen C. Vergara, Lynn W. Miskiel, D. Kimbrough Oller, and Rebecca Eilers*, 404
